SUBJECT: SFMNP Final Policy Memorandum #2007-1  
Publication of New SFMNP Income Eligibility Guidelines

TO: Regional Directors  
Supplemental Food Programs  
All Regions

This is to transmit revised Income Eligibility Guidelines for the Senior Farmers' Market Nutrition Program (SFMNP). These guidelines are effective from July 1, 2007, through June 30, 2008. State agencies may implement the revised SFMNP income eligibility guidelines immediately, but must implement them no later than July 1, 2007.

Section 249.6(a)(3) of the SFMNP regulations specifies that participants must have a maximum household income of not more than 185 percent of the annual poverty income guidelines. The annual poverty income guidelines for 2007 were published by the Department of Health and Human Services at 72 FR 3147, January 24, 2007. The attached chart includes, by household size, the maximum income limits using the poverty income guidelines (100 percent of poverty), 130 percent and 185 percent. Consistent with other Food and Nutrition Service programs, the poverty guidelines were multiplied by 1.30 and 1.85, respectively, and the results rounded up to the next whole dollar in order to determine the maximum income limits for State agencies using an income standard of 130 percent or 185 percent of the poverty income guidelines. The attached chart includes the maximum income limits, by household size, for income received annually, monthly, twice-monthly, biweekly, and weekly.
